W. S. Williams Makes Report on Daniel Boone Tavern.

E. W. Stephens, chairman of the citizens' committee of the Daniel Boone Tavern, has received the following letter from Prof. W. S. Williams, who superintended the construction work on the new hotel:

"In closing my work as superintendent of the Daniel Boone Tavern for the citizens of Columbia I wish to report that this building has been constructed substantially in accordance with the plans and specifications approved by the committee. The minor changes that have been made have bettered the construction, and

the building in some respects is even better than was specified."

You probably do not have a great deal of printing to buy—just a small job now and then. You appreciate careful attention, though, even as to your small orders. A trial of our service will convince you that the careful attention we give all work, large or small, is worth while to you. We'll try to merit your continued patronage.

TO TRAIN CHURCH WORKERS

Bible College Will Offer Summer Courses in Religious Activity.

The church is one of the few modern institutions that has not made adequate arrangements to train its everyday workers. It educates its ministry but its Sunday Schools and other auxiliaries are manned or womaned by good folks who have had no special training for their church tasks. Among the school teachers and others who will attend the summer school there are many who work actively in their local churches as teachers in the Sunday Schools or in other lay activities. Courses in the Bible College that will better train them for their Sunday tasks will be offered. The University gives full credit for these special courses.
